**Summer registration process** for ENGH 1000, ENGL1010, and ENGL2010/2020*

- student registers for ENGL 1010 in the first block
- beginning the 3rd week of the first block (i.e. May 23 and beyond) the student fills out a course clearance form (available at the English & Literature department front office in CB 407) and has his/her ENGL 1010 instructor sign the form indicating that the student is passing ENGL1010 with a C– grade or higher
- student returns the signed Clearance Form to the English & Literature department
- the English & Literature Department staff inputs an override for ENGL 2010/2020 on the second block (within 1 business day of receiving the form)
- student is now able to register (or waitlist) for 2nd block ENGL course

*The above process is also followed for students registered in ENGH 1000 during the first block and wishing to register for ENGL 1010 during the second block.

**Fall registration:** If a student is registered for ENGL 1010 during summer 2016 they are eligible to register for ENGL 2010/2020 for fall 2016 **without an override or any other accommodation from the English & Literature department.** The same is also true if a student is registered for ENGH 1000 during summer 2016 and wishes to register for ENGL 1010 during fall 2016.

Thank you,

English & Literature
